

IR35 Complete

Introducing our in-house IR35 assessment tool. The quick and easy way to assess your contractors and manage your supply chain.

IR35 Assessments - Ready in Minutes

Get your contractors set up and ready to work without delay with our easy-to-use online assessment tool.

Introduction

IR35 Complete is a practical, holistic solution to your compliance obligations which includes access to our online IR35 assessment tool. Use it to assess roles and individual engagements to provide all members of your supply chain with an insurable status determination.

- At your agency's prompt, relevant parts of the supply chain complete a simple, clear set of online questions to deliver an HMRC-compliant status determination.
- Use PSC contractors with confidence.
- Present 'inside IR35' contractors with your choice of umbrella partners.
- Access summary reports whenever you need them for easy compliance and auditing.

Why use IR35 Complete?

Our tool is designed to give you complete control and transparency throughout the supply chain with the ability to manage the engagement of contractors from status determination to payroll provider.

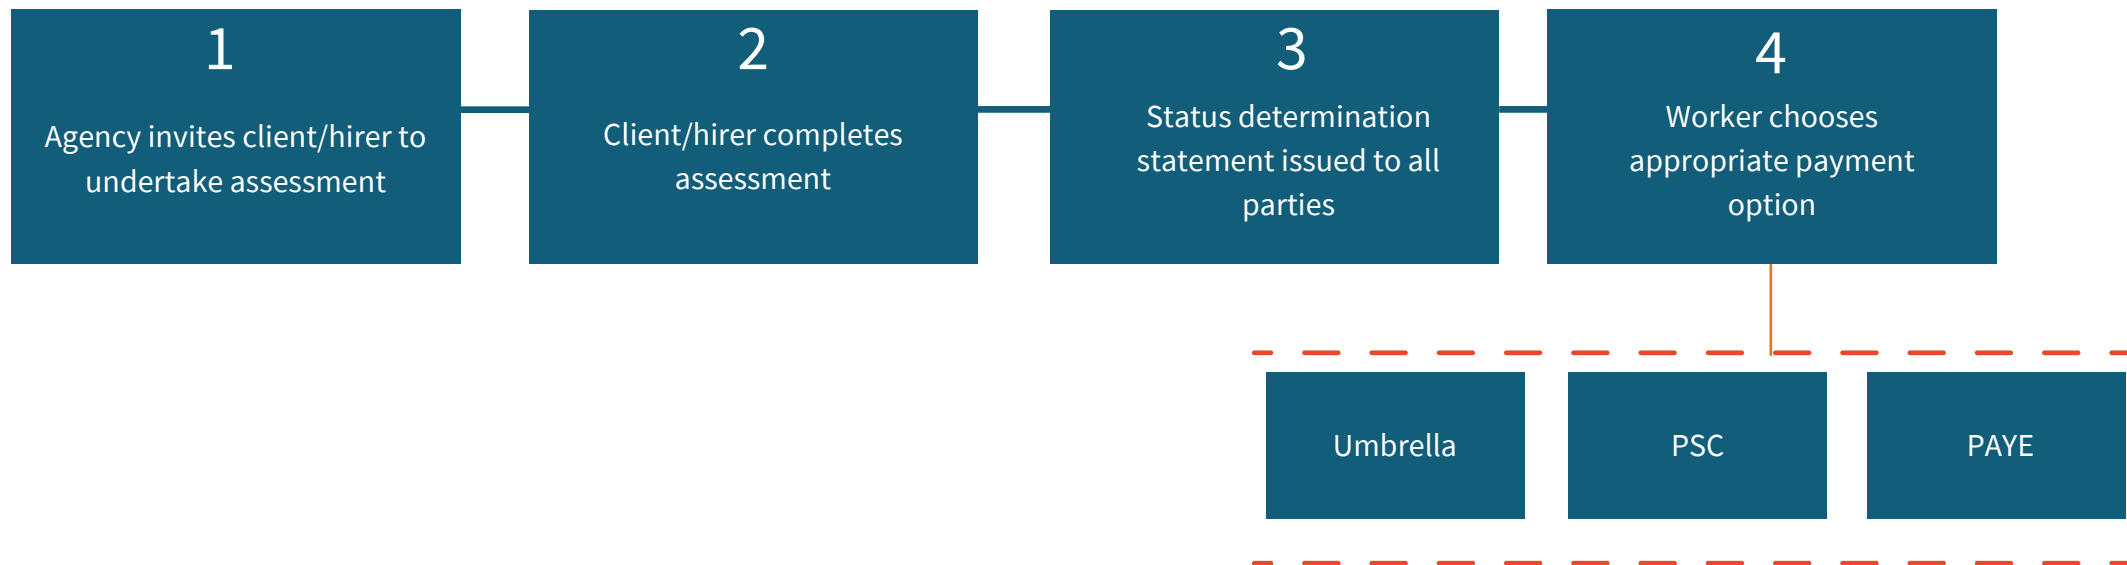

Designed to allow your agency to control the process, with all relevant parties interacting **transparently** throughout the supply chain.

Quickly delivers **reliable**, clear and insurable status determinations for each role or engagement.

Allows the supply chain to continue to engage outside IR35 contractors, where compliant, with confidence and **reduced risk**.
